

With advanced DSP technology, the JUGS® Radar Guns perform with even more precision and versatility. For example, you can get a reading on a pitch, within a foot of the pitcher's hand—before a pitch loses any speed.

Used By Youth leagues, High Schools, Colleges & Professional Teams

Cordless Radar Gun features:

- ADVANCED DSP TECHNOLOGY**

- JUGS® Cordless Radar Guns are guaranteed to have an accuracy index of ±½ mile per hour.
Speed Range: 20-125 mph.
- Two **BLACK & DECKER**® Versapak™ batteries power your radar guns for up to 10 hours of continuous use. Batteries recharge in just 3 hours and are fully guaranteed for two years.
- Great for clocking off-the-bat speed.
- Two modes of operation:**
 - 1. Trigger Mode**—Pulling the trigger reads the speed of the pitch. Speed remains on the radar gun until the trigger is released.
 - 2. Continuous Mode**—Reads the speed of the pitch automatically, then clears itself to read the speed of the next pitch.
- Comes complete with 2 Versapak™ batteries, a recharger, a tuning fork and a heavy-duty soft-shell carrying case.

JUGS SPEED

Readouts are included in Gun Packages or can be purchased separately.
