

The toughest thing to do in sports is hit a round ball with a round bat. Now try it with a bat and ball half the size.

SMALL-BALL® PITCHING MACHINE

Practicing small will force hitters to focus during practice, which translates to more confidence and success when the real games start.

The JUGS **SMALL-BALL®** Pitching Machine will prove to be a fun and effective coaching tool.

It is designed to:

- Teach the hitter to track the ball from the release point to the impact zone.
- Increase the hitter's mental concentration by teaching to hit a small object with a small bat.
- Help the hitter improve depth perception by keeping his or her head still and eyes level.
- Teach the fundamentals of hitting while removing the fear factor.
- Allow players to practice hitting indoors safely and in a limited space.
- Allow players to practice by themselves.
- Allow players to practice hitting without a batting cage.

Only the JUGS **SMALL-BALL**® Pitching Machine will let you improve as a hitter by focusing small and hitting big.

SMALL-BALL® Pitching Machine features:

- Throws the JUGS Polyurethane-Foam 5-in./0.5-oz. **SMALL-BALL**®.
- Heavy-duty steel construction.
- Adjustable legs for realistic delivery height for both baseball and softball.
- Portable and light-weight—weighs only 23 lbs.
- Simulates speeds up to 75 mph.
- Throws fastballs or overhand curves with uncanny accuracy.
- Great for fly balls and ground balls.
- Manual and automatic feed: 25-ball feeder releases ball every 5 seconds.
- Safe to use anywhere, including backyards, garages or your chosen practice field.
